## TENNESSEE DISTANCE MEDLEY CHAMPIONSHIP

Sara Bowman

ON how much last year was on her mind:

"Geeze, coming here last year and taking second in three races, that's tough. Especially by such close margins. So, it definitely was motivation for this year so we're starting this year off on the right foot.

On how tough the wind was:

"You definitely started to feel it at the end but it's something you try not to think about because you can't control the weather. But it's definitely windy out there. It's not ideal conditions. But again, you're racing to win so you try to focus on that.

On if there's a record in mind when running:

"I guess there's always a record, but you have to go out and see how it goes. And today just wasn't the day. It just wasn't happening. (laughs)

On how it felt to see the leg in front get a substantial lead:

"I mean it's always nice to have a lead but you have to hold it. I think I got a little too complacent in the middle of the race. But we held on and that's what counts. A victory is a victory. (laughs)

On how good Price is:

She's amazing on the track and off the track. She's a great person all around and we're lucky to have her.

Price: "Sara said she got complacent. I actually went out too fast. We had two different attitudes today. I went out too hard today.

Bowman: "She might have went out too hard but I was complacent at the end. (laughs)

On if there was a voice saying 'We have two more races, so take it easy.'

"I mean you never try to say something like that because you have to focus on the race you're in that moment. If you start thinking ahead, you're never going to make it through all three of them. But I bounce back quickly on day two and day three because we do that type of thing at Nationals. So I think we're all prepared and excited to see how things go.

On whether she thinks about winning all three races before the meet begins:

"Of course. Every time you step on the track you want to win. That's the competitive nature. Our goal is to go home with 3 victories. Again, you have to take it one race at a time. You wouldn't enter the race if you weren't trying to win.

On if she has a watch already:

"I think I have one from high school in the high school mile."

On if the watch still works:

"Honestly it may have never made it out the box. It's one of those keepsake things that I'll hold on to.

Kimarra McDonald

ON coming back to the Philadelphia area:

"It's really exciting. I love coming to Penn Relays and it's a nice feeling to come home. You walk around and see a bunch of people you haven't seen in a long time. And just to see them and run for this crowd, my home, and my team feels really good.

On if it's difficult to run the quarter mile:

No. (laughs) I'm better at the 800 but I love the 400. It's a hard run. Don't get me wrong but I love the 400.

Bowman: "She really stepped it up today. She's flexible and we're proud of her for filling that shoe. Even though it's not the race she trains for and is used to running. But she did a great job.

Charnelle Price On running in the Penn Relays:

"It was great I remember coming here my junior year of high school. It was mainly just for fun. We didn't really have any serious goals on our mind. Coming here with these ladies, we definitely have some goals and some records on our mind. I mean, it's a whole different attitude. We all want greatness as well. So, it feels cool.

On being chosen to run the critical 800m leg:

"There are so many girls he could put on that spot and he chose to pick me. It feels great. I just wanted to get the baton to Sara in first place and run a good split and see what we could do as a team. It was fun."

On what it's like to hold a world record as a freshman:

"I don't think any freshman comes in and thinks they'll hold a world record. To be with these girls, I know Sara's leaving and Kimarra is leaving. Phoebe is my main training partner so I can't wait to see what we'll do together but I'll definitely see what's in the future and hopefully there will be some more world records in my career at Tennessee.

Coach JJ Brown

On how much it was on his mind not to finish second again this year:

"Well last year was a success in my mind because we were fast. Not many teams come here and contribute. When I was at Villanova years ago, that's what we did. We came here in this environment and we just ran and it was a success to me. We ran fast and we put it on the line. So coming back this year, and winning of course, it's exciting. The weather wasn't as decapitating this year. But there was a wind. And I tip my hats to these girls on this team because indoor has high expectations, outdoor has high expectations and to win time after time is very very impressive. They met that particular task and that's a very good feeling to have as a coach to see them do that. And everybody writes about it and talks about it. It's a good feeling to win.

On the plan for the rest of the relays:

"We take another 15 minutes to enjoy this victory. Then, we do a warm down. We believe we have four good legs. I think other teams have good legs. But I think on that day, you go out and give it your best shot. Last year, we came out and gave it our best shot and this year we'll do the same thing. We'll take it one step at a time. One step at a time. You look at the event. Last year was like a trial run. I believe we can do this. We're doing it for the program. Some of you may remember I'm from New Jersey. Clementon High School, then I was at Villanova. So I know you try to do as well as you can every year and take advantage of this opportunity. If you look at this group here, you don't get the chance to have this. I wish I could always have this quality all the time. It's not necessarily normal. We're going to have fun. We're going to go out there and see what happens.

Phoebe Wright:

On how she approaches the lead-off leg:

"I run three laps as fast as I can and hope the three other ladies have an easier job. Well, not an easier job but less pressure.

Price: "Phoebe may not tell you but on her mind is 'I'm running for Sara. She says that all the time. So that's always on her mind.

Bowman: "We're a very close group of girls. Three of us are roommates. So we feed off each other a lot and we have a connection on and off the track. So that really helps when we're out there. We focus on that and running for each other. We don't get ahead of ourselves. We stay in the moment and run for each other.

On if she has a watch:

"I've gotten second in every race I've ever run, except this one."

Price:

"Yeah, I think the parents will get that one. Put it on the shelf."
